

Core Equity Portfolio

Investment Objective

This is a high conviction portfolio focused on maximising risk adjusted returns to the investors over the medium to long-term by investing in JSE listed shares. The returns of this portfolio are based on the ability of the JSE All Share index to deliver returns in excess of inflation and the ability of the portfolio manager to identify undervalued securities within this asset class.

Investment Profile

- Investors who have a longer investment term and want the highest possible risk adjusted return on their invested capital.
- Value-based investors with high risk tolerance.
- Investors who understand that there are investment cycles that cause share prices to fluctuate.
