

## Global ETF Portfolio

### Investment objective

This is a global diversification portfolio aimed at long-term sustainable capital growth, with a limited element of capital protection. Investors are placed in the MSCI World Index tracker fund which exposes the investor to a broad range of developed market companies around the world, and allows the investor to diversify internationally and seek long-term growth.

### Investment profile

- For entry-level investors seeking international exposure
- Investors who have a longer investment term (in excess of 5 years)
- Value-based investors with a high-risk tolerance, seeking an internationally diversified managed portfolio
- Main objective: Capital growth
- Investors comfortable with inherent volatility of equities, as well as the volatility of international currencies

### The portfolio manager

The portfolio manager communicates and implements the strategy to clients as well as adjusts the portfolio to meet particular client requirements. As a result, our portfolio serves as a guiding instrument in developing portfolios that meets the investor's requirements.
